5. UNFINISHED BUSINESS

- *A. Personnel Handbook
- *B. ATV Ordinance

6. NEW BUSINESS

A. GIS Proposal - Information provided by SEH City Engineer, Matt Bolf

Casey stated that this item is for mapping of infrastructure. Administration and Public Utilities both recommend Option 2 on the proposal which addresses more water issues. Option 2 is the lesser dollar figure and we can always add more to that as the city proceeds. Casey stated that this will be split between PUC and the Sewer Fund.

Motion by Nowak, seconded by DeWall and carried: To approve Option 2 as presented in the amount of \$8000.00 and the Annual subscription fee of \$1500.

B. Liquor Control Committee addition – Jennifer Peterson

Larson stated that the Liquor Control Committee met at 5pm and approved the nomination for Jennifer Peterson to serve on their board.

Benson asked Peterson about her interest in serving on this committee. Peterson said that she is a resident of Proctor and was looking for ways to serve the community. She works at MN Power in regulatory affairs. Schwarzbauer asked Peterson about the Beyond Yellow Ribbon Certification process.

Motion by Nowak, seconded by Schwarzbauer and carried: To approve the nomination of Jennifer Peterson to serve on the Liquor Control Committee.

C. Council Handbook (emailed to Councilors)

Schwarzbauer suggested calling a special meeting to discuss this item page by page. Benson also suggested taking a chapter at each meeting. Larson said he would prefer a working session. DeWall stated that the reason the handbook was sent out early was for everyone to review and make suggestions about any changes. He would like to see what the other councilors are suggesting as changes prior to the working session. Casey stated that Benson sent some suggestions and they were added to the handbook today. Larson asked the councilors to choose a date for a working session before the next council meeting and submit changes to the City Administrator prior to the meeting. Casey asked Attorney Bray if the councilors could be surveyed and then the city could post a meeting – Bray stated that would be fine.

D. Sunday Liquor Ordinance (discussed at Liquor Control Meeting 5/15/17)

Larson said that Liquor Control Committee discussed this item at the meeting about adopting the State Ordinance. Casey asked about the city's current language.

E. Management Agreement between The South St. Louis County Fair Board Association and the Dirt Floor Arena of Directors

Casey stated that anytime the Fair Board enters into an agreement with another entity, it needs to come before the fair board.

Schwarzbauer asked about the contract dated May 1, 2017. Casey stated that the city received it after the Fair Board and the Dirt Floor Arena representatives. Bray said that the May 1st issue isn't detrimental at this time, and Casey will let the parties know to submit an agreement prior to a renewal date.

Motion by Benson, seconded by Nowak and carried: To approve the Management Agreement between The South St. Louis County Fair Board Association and the Dirt Floor Arena of Directors as presented.

F. Resolution 19-17 – Adopting a Budget Amendment

Casey stated that the councilors are aware that the City entered into an agreement with Chris Klatte to manage the golf course. The budget was adopted prior to the agreement and this amendment will better reflect what is happening with the finances. Casey wanted to make one change: 2017 Operating Transfer to \$35,000 which was originally in the budget,not \$30,000.

Motion by DeWall, seconded by Larson and carried: To approve Resolution 19-17 as amended and presented.

G. Resolution 20-17 - Adopting an Amended Sewer Rate Service Fee

Casey stated that there is not an increase in the Sewer Fees until 2021, and a 3% increase in 2026. Casey said that having the resolution adopted now is that we are doing it the same time that PUC is increasing the rates.

Benson asked about how the rates were developed. Casey said that the rate study was extensive and based on the history, the cash flow has been diminishing.

Motion by Schwarzbauer, seconded by Nowak and carried: To approve Resolution 20-17 as presented.

H. Plant a Tree

Casey stated that the City received a request to plant a tree in memory of a loved one. Benson stated that Proctor is part of the Tree City USA and have been a member for several years. Jennifer Peterson confirmed that the city has been in contact with the representatives of Tree City USA.

Motion by Larson, seconded by Benson and carried: To approve a citizen to plant a tree on city property in memory of her brother as discussed.

Motion by DeWall, seconded by Larson and carried: To recess to closed session at 6:52pm.

7. LABOR AND NEGOTIATIONS ISSUES (Closed Session)

A. Union and Negotiations Update

Motion by DeWall, seconded by Larson and carried: To reopen to regular meeting at 7:12pm.

6. NEW BUSINESS (continued)

I. Annexation

MEMBER CONCERNS

Schwarzbauer gave the councilors an update on the Mesabi Misses. He and Casey met with the sculpture and Schwarzbauer also removed all the timbers in Trainquility Park. The Historical Society is also going to start using drones to promote the park.

Schwarzbauer also discussed the \$20,000 loan from the City to the Historical Society. He asked

for the document that he distributed to be added to the next council agenda.

BILLS FOR APPROVAL

General Fund \$111,611.96

Liquor Fund \$31,339.28

\$142,951.24 TOTAL BILLS FOR APPROVAL

Motion by Benson, seconded by Schwarzbauer and carried: To approve the General Fund and Liquor Fund bills in the amount of \$142,951.24.

ADJOURNMENT

Motion by Nowak, seconded by Larson and carried: To adjourn the city council meeting at 7:24pm.

Memorandum of Understanding

Memorandum of Understanding (MOU) between St. Louis County, through its Public Health and Human Services Agency (PHHS) and Proctor Police Department (LE). This MOU sets forth the terms and understanding between PHHS and LE to implement a 24-hour response protocol for reports of child maltreatment.

Purpose

This MOU will formalize the long standing practice regarding after-hours responses to child maltreatment reporting. PHHS recognizes that LE is uniquely situated to respond to reports received outside of the normal business day and has a recognized role in immediate response and ensuring safety.

MN Department of Human Services (DHS) guidelines have specified new requirements that counties must fulfill as part of their child protection responsibilities, effective January 1, 2017.

DHS has directed local social service agencies to develop and implement a protocol for 24-hour availability, seven days a week, including holidays, to respond to reports of child maltreatment containing imminent danger (see addendum for definition of imminent danger).

Roles and responsibilities

PHHS currently uses Elation, an answering service for all after-hours calls to the PHHS Department, including calls related to child maltreatment. The phone number is 877-474-4290.

The after-hours answering service will continue to follow the current decision-tree protocol for all calls to PHHS. For calls to report child maltreatment, the caller will be redirected to LE. LE will ascertain if immediate LE response is warranted to assess and ensure child safety. For reports which do not require immediate response but which do entail a child maltreatment allegation, LE will cross-report to PHHS-Initial Intervention following current communication protocols (via email, phone, or fax).

Child maltreatment reports may be sent to:

Via email: <u>IIUnorth@stlouiscountymn.gov</u> (Virginia) or <u>iiu@stlouiscountymn.gov</u> (Duluth)

Via voice mail: 218-471-7128 (Virginia) or 218-726-2012 (Duluth)

Via fax: 218-471-7503 (Virginia) or 218-725-5118 (Duluth)

For reports which do require immediate response, LE will respond according to current protocol. After responding, should LE need immediate assistance from PHHS, LE should call the answering service (877-474-4290). For such calls from LE, the answering service will contact a designated phone number which will connect directly to the scheduled on-call PHHS supervisor. The on-call PHHS supervisor will be able to assist LE by phone with accessing emergency placement resources, if needed.

PHHS-Initial Intervention social workers will be scheduled on weekend and holiday daytime shifts (in addition to regular business days) to screen all child maltreatment reports received after hours (via email, voice mail, or fax) and to have contact with child victims and their caregivers within 24 hours when a report of child maltreatment involves imminent danger. Weekend and holiday staff will check the Initial Intervention Unit (IIU) email, voice mail, and fax for any new maltreatment reports at the start of each shift and periodically throughout their shift. Social workers will contact reporters and others for any additional information necessary for screening and will consult with the on-call supervisor, as needed, in making screening and response decisions.

Duration

This MOU is in effect on January 1, 2017 and may be modified by mutual consent of authorized officials from PHHS and LE. This MOU shall become effective upon signature by authorized officials from PHHS and LE and will remain in effect until modified or terminated by any one of the agencies by mutual consent.

Entirety of agreement

This MOU, consisting of 3 pages, represents the entire and integrated agreement between the parties and supersedes all prior negotiations, representations and agreements, whether written or oral.

Definitions

From MN Child Maltreatment Intake, Screening, and Response Path Guidelines – DHS, 10/2015: Imminent danger means:

- A child is threatened with immediate and present maltreatment that is life threatening, or likely to result in abandonment, sexual abuse, or serious injury. [Minn. Admin. R. 9560.0214, subp. 12]
- A runaway child and sexually exploited youth. Imminent danger includes a report that a child is residing with a caretaker without "authority to care for the child." In these circumstances, a child is considered abandoned or threatened with abandonment. Authority to care for a child includes:
 - Parent executed a delegation of power by parent or guardian under Minn. Stat. 524.5- 211 for an individual to provide for a child; this is commonly called a Delegation of Parental Authority (DOPA) and has specific legal requirements which must be met. Responsible agencies are encouraged to consult with the county or tribal attorney when a delegation of parental authority by a parent is involved.
 - In the case of an Indian child, a child is in the care of an Indian custodian as defined under 45 USC 1903 (6).
 - Child is in the care of an "individual who is related" to them, which means with a parent, stepparent, stepprother, stepsister, niece, nephew, adoptive parents, grandparent, sibling, aunt, uncle or legal guardian. [Minn. Stat. 45A.02, subd. 13]

From After Hours Child Protection Coverage Bulletin – DHS, 11/2016: Imminent danger means:

• A child is threatened with immediate and present maltreatment that is life threatening or likely to result in abandonment, sexual abuse, or serious physical injury. [Minn. Admin. Rule 9560.0214, subp. 12] The local social service agency is required to respond to reports containing imminent danger immediately and no later than 24 hours regardless of a child's in-home or out-of-home placement status.

CONNECTING & INNOVATING

May 19, 2017

Dear Mayors and Administrators,

We hope that all is well as your city transitions to the summer season, and prepares for warm weather activities and services (put the snowplows away for a few months!).

We are pleased to let you know that the League of Minnesota Cities Board of Directors voted at its May meeting to set a maximum member dues schedule increase of zero percent (or, no dues increase) for the League's 2018 fiscal year that runs from September 1, 2017 through August 31, 2018. This would be the first time that dues have been held flat since 2012.

Similar to how your city sets its preliminary levy increase, the League's final dues schedule cannot be higher than the maximum that is set. Please note, though, that while there is no proposed dues increase you may still see a slight increase or decrease in dues based on any shifts in your city's population (to learn more about how your dues are calculated, visit www.lmc.org/dues). A final decision on annual dues will be determined by the Board when it meets on July 20 to approve the FY 2018 budget.

The League's financial position allows us to consider this action that will provide some budget relief for members, while allowing us to seamlessly continue delivering the nearly 90 programs and services you rely on to effectively govern and manage your city. Those programs and services include: advocacy at the Capitol; training on the basics for new officials and staff as well as future-focused topics; and analysis and guidance on laws, statutes, and hot-button topics like public safety and technology among many others.

Our unwavering commitment is to provide premier service that responds to the changing needs of members and to be recognized as the trusted, authoritative, and unified voice on issues affecting all cities. We take our responsibility to carefully manage member assets very seriously, and we thank you for your continued support of our work.

If you have any questions or comments about how we can better serve your needs, please feel free to call or email Dave Unmacht at (651) 281-1205 or dunmacht@lmc.org. And, if you find yourself in St. Paul this summer, we hope that you stop by for a cup of coffee or a conversation.

Subject: No Parking Signs on Park Road

Mark,

I would like to install No Parking signs on the East side of the Park Road from Field #1 to Concession #2. When the park is busy at night vehicles park on both sides of the road and the driving lane is pretty narrow. With construction starting on June 1st there will be a lot of dump trucks on this stretch of road and I'm sure that they will be working in the evenings. This would have been a good idea a few years ago anyways and now it seems like a must do. I have run the idea by some members of the Park and Public Safety Committees and also some School District people. Every body I have talked to thinks it is a great idea. There are parking lots that are being under-utilized so there will still be plenty of parking available. I talked to Kent and he is on board with it but said that we need council approval in order for them to enforce it. We would like to see the item added to the council agenda for June 5th. We would probably put the signs up before that but the police can't enforce before that. If Park or Public Safety meets before that I will get it on the agendas but I don't think we would have to call a special meeting. Park is trying to schedule a May meeting right now. Public Safety is not scheduled until June 15th I believe.

LG220 Application for Exempt Permit

An exempt permit may be issued to a nonprofit organization that:

- · conducts lawful gambling on five or fewer days, and
- awards less than \$50,000 in prizes during a calendar year.

If total raffle prize value for the calendar year will be \$1,500 or less, contact the Licensing Specialist assigned to your county by calling 651-539-1900.

Application Fee (non-refundable)

Applications are processed in the order received. If the application is postmarked or received 30 days or more before the event, the application fee is \$100; otherwise the fee is \$150.

Due to the high volume of exempt applications, payment of additional fees prior to 30 days before your event will not expedite service, nor are telephone requests for expedited service accepted.

COUNCIL RESOLUTION 23-17

A RESOLUTION AUTHORIZING SUBMISSION OF REQUEST FOR STATE BONDING FUNDS FOR THE CONSTRUCTION OF THE PROCTOR REGIONAL PUBLIC WORKS FACILITY

STATE OF MINNESOTA)
COUNTY OF ST. LOUIS)
CITY OF PROCTOR)

- WHEREAS, The City of Proctor (City) has the responsibility to salt and sand all streets and provide services for the purposes preserving public safety in conjunction with the Public Utilities Commission (PUC) and the Schools Safe Routes Program; and,
- WHEREAS, the City of Proctor has determined that the current facilities housing Public Works, salt/sand, equipment for the Public Utilities Commission (PUC), and Fair Board have insufficient space to effectively provide the services to the City of Proctor and the surrounding area and has outgrown and outlived its current facilities; and,
- WHEREAS, the present location of the salt/sand and public works facility is adjacent to a designated trout stream and the City of Proctor has taken a directive from the Minnesota Pollution Control Agency to contain salt/sand piles to eliminate migration of said products into Kingsbury Creek and the Lake Superior Watershed and to move the current facility;
- WHEREAS, the Minnesota Design Team along with the City's Comprehensive Plan have determined the current site is not the best use of said properties which and be used for future development; and,
- WHEREAS, the state bonding process provides matching funds for projects that have a Statewide or regional impact and City asks for consideration in distribution of 2018 Capital Appropriation funds for this salt, sand and equipment containment facility

WHEREAS, the proposed Proctor Area Salt/Sand and Public Works has a regional impact;

NOW, THEREFORE BE IT RESOLVED, that the Proctor City Council declares its support and authorizes the submission of a request to the Minnesota State Legislature for 2018 bonding funds for the construction of the Proctor Regional Salt/Sand and Storage Facility in the amount of 50% of the estimated construction costs, or \$1,500,000.

COUNCIL POLICY

TITLE	CRITERIA FOR THE INSTALLATION OF STOP SIGNS	PAGE	POLICY NUMBER	
		1 of 4	8-1	
EFFEC"	EFFECTIVE DATE April 3, 1972 REVISED DATE April 3, 2001			
APPROVED BY COUNCIL ACTION 4/3/72; 7/5/79—Item 9a; Ordinance Nos. 204 & 20500 adopted 2/10/81;				
5/7/85—Item 12a; 3/22/94—Item 9I; 4/3/01, Item 6.3, Resolution No. 70257.				

BACKGROUND

Stop signs are installed to establish right-of-way at intersections between motorists, cyclists, and pedestrians, reduce delay, and enhance safety for all roadway users.

PURPOSE

To state Council Policy relative to the designation of stop intersections.

POLICY

It is the policy of the City Council that the City Install stop signs in locations where the City Traffic Engineer, In the exercise of his/her engineering judgment, determines that such installation is appropriate. The City Traffic engineer should consider installation of a stop sign at an intersection that meets or exceeds the minimum guidelines set forth in this Policy. Potential conflicting City policies such as the Intersection Level of Service shall be considered, and may form the basis for the denial of stop signs despite other justifying factors. It is also the policy of the City Council that stop signs be installed at intersections as authorized by the City Traffic Engineer under the direction of the City Council or the Traffic Appeals Commission. In addition, stop signs are placed at entrances to through highways designated by the City Traffic Engineer or at intersections designated by the City Traffic Engineer as stop intersections in accordance with Title 11, Chapter 11.36, Section 11.36.030, 11.36.035 of the Municipal Code.

CRITERIA FOR INSTALLATION OF STOP SIGNS

A. Two-Way (or One-Way) Stop Sign Analysis.

The City Traffic Engineer should consider installation of two-way (or one-way) stop signs if an intersection obtains a minimum of 18 points as determined below:

- 1. Volume conflicts (maximum 9 points)
 - a. **Higher Volume Street:** One point for every 100 vehicles per day entering the intersection in excess of 600 vehicles per day. (Maximum 5 points).
 - b. **Lower Volume Street:** One point for every 100 vehicles per day entering the intersection in excess of 300 vehicles per day. (Maximum 4 points).
- Visibility Conditions One point for each one MPH that the safe approach speed to the intersection is less than 20 MPH.
- Crash experience Six points for each crash during any 12-month period within two years prior
 to investigation that might have been prevented by the vehicles complying with properly placed
 stop signs.
- 4. School Warrant (maximum 6 points) The City Traffic Engineer shall assign points for the intersection being adjacent to or within two blocks from the school (kindergarten to twelfth grade).

TITLE	CRITERIA FOR THE INSTALLATION OF STOP SIGNS	PAGE	POLICY NUMBER
		2 of 4	8-1

If an intersection is adjacent to or within two blocks of several schools, then additional points will be assigned using the same point distribution:

INTERSECTION	SCHOOL 1	SCHOOL 2	SCHOOL 3
Adjacent	3 points	3 points	3 points
One Block	2 points	2 points	2 points
Two Block	1 point	1 point	1 point

5. Unusual conditions (maximum 9 points)

Points may be assigned considering the severity of:

- a. High pedestrian and bicycle activity because of proximity to recreational facilities including school facilities, parks, senior centers, high-density housing, neighborhood library, transit stops, and other facilities that generate high pedestrian and bicycle activity;
- b. Average speeds in excess of the speed limit;
- c. Visual signs of emergency maneuvers such as skid marks and crash debris;
- Unique geometric conditions exist.

B. All Way Stop Sign Analysis For Non-General Plan Streets.

The criteria for the all-way stop analysis recognizes that delays are superseded by the desire to reduce potential crashes. An intersection qualifies for this analysis if it has residential frontage, a street not on the City's adopted General Plan, and does not exceed an average daily traffic volume of 6,000. If both streets at an intersection are residential, then the installation of all-way stop signs should be considered if the intersection obtains a minimum of 20 points as determined below.

- Volume conflicts (maximum 12 points) One point for every 100 conflicting movements per day
 in excess of the first 400 conflicting movements for a four-way intersection. One point for every
 100 conflicting movements per day in excess of the first 300 conflicting movements for a
 three-way intersection.
- Crash experience Six points for each crash during any 12-month period within two years prior
 to investigation that might have been prevented by the vehicles complying with properly placed
 stop signs.
- 3. **School Warrant (maximum 6 points)** Points shall be assigned for the intersection being adjacent to or within two blocks from the school. Multiple schools will generate additional points using the same point distribution:

INTERSECTION	SCHOOL 1	SCHOOL 2	SCHOOL 3
Adjacent	3 points	3 points	3 points
One Block	2 points	2 points	2 points
Two Block	1 point	1 point	1 point

Unusual conditions (maximum 12 points)

Points may be assigned considering the severity of:

- a. High pedestrian and bicycle activity because of proximity to recreational facilities including school facilities, parks, senior centers, high-density housing, neighborhood library, transit stops, and other facilities that generate high pedestrian and bicycle activity:
- b. Intersections within a pedestrian corridor or zone as identified in the General Plan;
- c. Average speeds in excess of the speed limit;
- Visual signs of emergency maneuvers such as skid marks and crash debris;
- e. Unique geometric conditions exist;
- f. Visibility concerns exist.

C. All-Way Stop Sign Analysis for General Plan Streets.

The criteria for non-residential General Plan streets recognizes the desire to enhance safety reduce potential crashes and the desire to minimize unnecessary delays. The City Traffic Engineer should consider installing all-way stop signs if the intersection obtains a minimum of 28 points as determined below:

1. Volume conflicts and overall delays (maximum 15 points)

Higher Volume Approach Four-Hour Volume	Points	Lower Volume Approach Four-Hour Volume	Points
0—1400	0	600800	1
1401—17 0 0	1	801—1000	2

3801—4100	1	2401—Over	10
4101—Over	0		• • • • • • • • • • • • • • • • • • • •

2. Delay on higher volume street (maximum 5 points)

Points assigned in accordance with the following table:

Higher Volume Street to Lower Volume Street 24-Hour Volume Ratio

Volume Ratio	Points
1.0:1 to 1.4:1	5
1.5:1 to 1.9:1	4
2.0:1 to 2.9:1	3
3.0:1 to 3.9:1	2
4.0:1 to 4.9:1	1
Greater than 5.0:1	0

- Crash Experience Six points for each crash during any 12-month period within two years prior
 to investigation that might have been prevented by the vehicles complying with properly placed
 stop signs.
- 4. School Warrant (maximum 6 points) Points shall be assigned for the intersection being adjacent to or within two blocks from the school. Multiple schools will generate additional points using the same point distribution:

INTERSECTION	SCHOOL 1	SCHOOL 2	SCHOOL 3
Adjacent	3 points	3 points	3 points
One Block	2 points	2 points	2 points
Two Block	1 point	1 point	1 point

5. Unusual conditions (maximum 12 points)

Points may be assigned considering the severity of:

- a. High pedestrian and bicycle activity because of proximity to recreational facilities including school facilities, parks, senior centers, high-density housing, neighborhood library, transit stops, and other facilities that generate high pedestrian and bicycle activity;
- b. Intersections within a pedestrian corridor or zone as identified in the General Plan;
- Average speeds in excess of the speed limit:

		4 of 4	8-1

- d. Visual signs of emergency maneuvers such as skid marks and crash debris;
- e. Low volume street:
- f. Unique geometric conditions exist;
- g. Visibility concerns exist.
- 6. The City Traffic Engineer shall do an analysis of the following Items prior to installing an all-way stop on a General Plan street:
 - Determine the crash rate for the intersection for the previous one year and three year period and compare with the City-wide average of that particular type of intersection (e.g., major collector/local controlled by two-way stop);
 - b. Determine the proximity of the subject intersection with existing traffic signals and planned traffic signals;
 - Determine if the subject intersection is warranted for a traffic signal;
 - d. Determine the possible diversion of through traffic due to delays caused by an additional stop, including an assessment of the impact on other streets;
 - e. Level of service shall be calculated for the intersection to assess peak hour congestion.

APPEAL OF DENIAL OF REQUEST FOR STOP SIGNS

If, after a citizen request to Install stop signs at a particular intersection, the City Traffic Engineer decides for any reason not to install such stop signs, then the Traffic Appeals Commission is authorized, pursuant to the San José Municipal code, to hear an appeal. If, after hearing all the facts presented to it on appeal, the Traffic Appeals commission determines that installation of a stop sign is appropriate and safe, then it shall order the City Traffic Engineer to install such stop sign. The Traffic Appeals Commission shall order the Installation of a stop sign that does not meet the warrants set forth in this Council Policy only upon making a specific written determination that installation of such stop sign is consistent with the public safety. The City Traffic Engineer shall be authorized to install stop signs as directed by the Traffic Appeals Commission.
